Winterbourne Shelter with Shutter

Fantastic secure shelter is perfect for storing equipment

NEW!

- Stylish enclosed shelter is perfect for any establishment
- Will protect staff, equipment and visitors from the elements
- Comes with an electric operated roller shutter in galvanised steel (including manual override)

Specifications:

Frame:

- Mild steel construction, hot dip galvanised to ISO 1461 2009 and epoxy powder coated
- Square hollow tube
- Maintenance free for 15 years and life maintained for 25 years
- Available in 8 standard colours (see below). All other RAL colours available on special order

Shutter Door:

- Electronically operated roller shutter manufactured from galvanised steel (choose from solid or perforated)
- Power operated with a single-phase tubular motor
- Galvanised steel rail is attached to the bottom of the curtain for added strength
- Control is by momentary switch and a galvanised steel three sided hood is supplied as standard
- Steel support angle flags are 75mm x 50mm x 3mm with the galvanised steel guide runner rails 65mm x 32mm x 3mm CE Marked against the Construction Products Directive and also the Machinery Directive

Glazing:

- 16mm twin wall polycarbonate roof and 4mm polycarbonate side glazing

Configurations and Assembly:

- Available in any size and configuration
- All fixings zinc coated
- Assembled by our installation team. Call **0800 1777 052** for a quotation
