## No Butts® Open Fronted Smokescreen

**Provide protection from the weather for employees**

- Ensures a designated smoking area for your premises
- Open fronted design allows air to circulate through shelter
- Compliant with Smoking Ban Legislation - Parliament Act 3368
- Available in free standing or back to wall varieties which are suitable for concrete, tarmac, paving slabs or block brick surfaces
- Fibreglass roof is hardwearing and will maintain colour density
- Aluminium frame is lightweight yet sturdy with etch primed polyester powder coating that cleans easily and does not rust

### Specifications:

#### Frame:

- 40mm square rust free aluminium tube with polyester powder coating
- Available in 7 standard colours (see below). All other RAL colours available on special order

#### Glazing:

- 6mm scratch resistant co-polymer acrylic with concealed fixings
- Will not yellow in sunlight, 1808 x 1015mm (H x W)

#### Domed Roof:

- Reinforced fibreglass with guttering along lengths

### Configurations and Assembly:

- Available in 6 sizes
- 12 standard configurations: 6 Free Standing (FS) and 6 Back to Wall (BW). Further configurations are available using the 1m and 2.1m extension modules. (BW) models are supplied without glazing panels for the rear of the shelter

Emptying the bin

**GUARANTEED FOR LIFE**  
All Stainless Steel No Butts Bins are guaranteed for life

## No Butts® Original Cigarette Bin

Keep your entrances and smoking areas free from cigarette litter

- Patented fire prevention baffle system extinguishes cigarette butts
- Stainless Steel version is guaranteed for life
- Lockable double collection box deters vandals
- Also available in mild steel construction in 3 powder coated finishes (see below)
- Encourages smokers to dispose of cigarettes responsibly

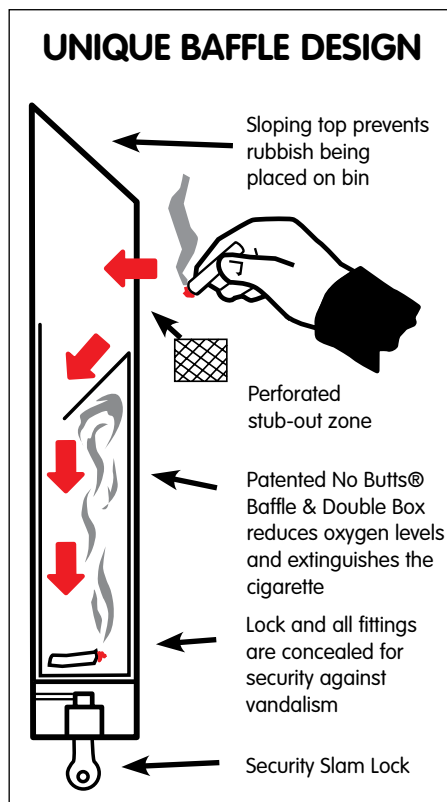

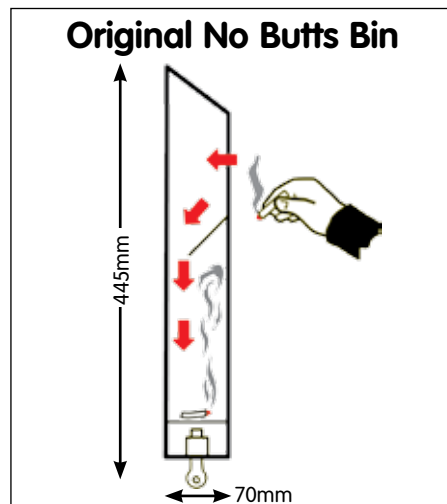

The No Butts Cigarette Bin was the first cigarette bin sold in the UK over 15 years ago. It fixes conveniently to the wall and enables lit cigarettes to be disposed of easily and safely. With the No Butts Bin your entrances and designated area will remain butt free.

### How it works?

The bins sloping top prevents litter being placed on it and its front grill allows only cigarette butts to be placed inside. Our unique internal baffle system reduces smoke return and oxygen levels to extinguish butts in the collection box. The double collection box is locked in place and once opened, slides out easily allowing the bin to be quickly and hygienically emptied.

### Specifications:

- Back mounting plates and inner collection boxes: 304-grade stainless steel
- Stainless Steel model: 1mm architectural grade Guaranteed for Life!
- Painted models: 1mm Zintec, zinc plated mild steel coated with epoxy polyester coating
- Painted models available in Antique Silver, Green and Black textured finishes (see below right)
- Supplied with wall mounted screw fixings
