

GL880 Original Latex™

The GL880 Original Latex™ is a powder free latex disposable glove that has been double chlorinated to provide a smooth surface. It has an AQL rating of 1.5 and complies to Medical Standard EN455 Class I. Made from natural rubber the GL880 is extremely durable and provides a high level of protection due to its high tear and puncture resistance. With exceptional elasticity, it is neither constricting or restrictive, providing maximum flexibility and comfort even when worn for long periods. Double chlorinated for a smooth finish it offers an improved feel, and the textured fingertips present increased grip allowing for secure handling of objects and instruments. With a beaded cuff adding strength and preventing liquid roll back, the GL880 Original Latex™ is strong and reliable with maximum sensitivity, dexterity and comfort.

Typically used for:

- Pharmaceutical Work • Electronics
- Inspection • Local Authority Work
- Hospital & Clinical Duties
- Care Home Work

Case Quantity:

100 gloves per dispenser
10 dispensers per case
