

GL663 VitriLe®

GL663 VitriLe® is a high quality powder free disposable glove that has an AQL rating of 1.5 and is compliant to Medical Standard EN455 Class I. Due to its unique blend of nitrile and vinyl, this non-sterile examination glove has outstanding strength, providing good barrier protection. It is soft and pliable making it extremely dextrous and comfortable in extended use. The GL663 contains none of the proteins that are present in natural rubber eliminating protein sensitisation, and it is powder free reducing the risk of product contamination. The beaded cuff adds strength and prevents liquid roll back.

Typically used for:

- Pharmaceutical work
- Electronics
- Inspection
- Local Authority Work
- Hospital & Clinical Duties
- Care Home Work
- Automotive Maintenance & Repair

Case Quantity:
