

X5-Sumo-FC

Latex Palm Coated X5 Glove

Product Datasheet

OUR REF: X5-SUMO-FC

PRODUCT DESCRIPTION

A premium product offering maximum protection in all EN388 categories and manufactured from our best selling X5 yarn - A highly specialised mixture of DuPont™ Kevlar®, stainless steel and other high performance fibres which ensure outstanding cut resistance. The fully coated textured latex offers increased protection against abrasion, puncture and water repellence, whilst enhancing grip and durability.

Sanitized® hygiene function offers increased freshness, hygiene and odour repellence over extended usage.

TYPICAL APPLICATIONS

Handling glass, metal, concrete blocks, lumber, recycling, refuse collection

AVAILABLE SIZES: 8/M • 9/L • 10/XL

PACKAGING: Per Pack: 5 pairs

Per Box: 50 pairs

Technical Details

Tested in accordance with EN 388, EC type examination carried out by:

SGS United Kingdom Limited, Unit 202B Worle Parkway, Weston-super-Mare, BS22 6WA, United Kingdom. (NOTIFIED BODY 0120)

The results are taken from the palm area of the gloves and the uncoated surface may have reduced performance levels.

► **The Sanitized® hygiene function** brings increased freshness, comfort and protection.

WARNING!

► Please Note that these gloves contain natural rubber latex which may produce an allergic reaction in some individuals. If affected please discontinue use immediately and seek medical advice. Users with known sensitivity to rubber or latex products should avoid contact.

- **Sanitized®:** These gloves incorporate a Biocidal product. The Biocidal treatment protects against a broad spectrum of Bacteria and Fungi. The active Biocidal substance - Zinc Pyrithione - promotes freshness and inhibits odours.
- **Storage:** Gloves should be stored in a cool, dry environment in the original packaging and out of direct sunlight.
- **Maintenance:** Both new and old gloves should be thoroughly inspected before use to ensure no damage is present. Gloves should not be left in a contaminated condition if reuse is intended - if contaminated, gloves should be cleaned as far as possible
