www.nbbschoolshelters.co.uk

Welcome to the latest NBB Shelters Catalogue,

We have an extensive range of shelters including over 150 variations of walkways, canopies, porches, cycle shelters and custom made shelters. Whether you need to cover an outside walkway to protect your pupils or visitors from adverse weather; to keep bicycles safe and secure or to provide more covered outside space for learning / playground area, we are sure to have something to suit you!

Our versatile Winterbourne shelters & walkways provide the perfect cost-saving and hassle free option to making better use of your outside areas, for more details see pages 18-29. Enable your pupils and staff to cycle to school by providing cycle storage solutions, see our cycle shelters/ compounds on pages 5 – 14. If you're in need of a designated waiting area for parents or pupils, our popular Holton Waiting Shelter can be found on page 33.

You may have an idea of what you are looking for but not entirely sure on where to go with it, all of the images inside this catalogue are from our own projects. Take a look through our catalogue today for further inspiration and guidance, and don't forget our friendly sales team are available to help.

YSGOL MAES HYFRYD

Location: Flintshire, Wales

Product: Bespoke Winterbourne Enclosed Shelter

Size: (L) 12000 x (W) 4000 x (H) 2800mm

BRIEF

Ysgol Maes Hyfryd is a school located in Flintshire, they pride themselves on being a happy, vibrant learning community committed to providing relevant high quality educational experiences for all of their students.

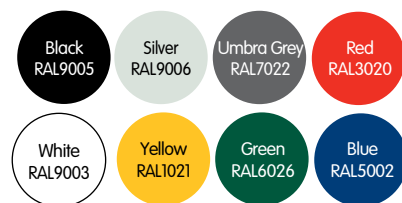

The school contacted NBB as they were looking to create a covered area situated in the playground to use as an outside classroom. Our surveyors attended the school to come up with the best solution which complemented the existing building/area.

After some initial changes due to landlord approval the finished product is a freestanding shelter L:12000mm x W:4000mm with polycarbonate glazing on one end and along the back, finished in a bright yellow RAL1021. To safeguard children the school also opted for square post protectors in the same vibrant colour.

A School Representative wrote - "Jeremy Mold was extremely professional, and he went above and beyond, working long hours to make sure the job was completed on time. It's a very high standard of work, and we can't wait for the children to get full use of the space."

AVAILABLE COLOURS:

IDEAL APPLICATIONS

- Entrance Shelter
- Parent/ Pupil Waiting Area
- Walkway
- Dining Shelter

WINTERBOURNE ENCLOSED SHELTER

Create a weather-protecting shelter or walkway for your staff, pupils and parents

NUTWOOD COTTAGE DAY NURSERY

Location: Lincoln, Lincolnshire
Product: Bespoke Wall Attached Winterbourne Shelter
Size: (L) 7500 x (W) 5000 x (H) 2500mm

BRIEF

Nutwood Cottage Day Nursery contacted NBB School Shelters in need of a quality built shelter from a professional company, to cover their outside play area. Our site surveyor attended the nursery and it was discussed that a Winterbourne Wall Attached shelter would be the best suited option. The shelter was designed by our in house team of technical drawers, and the concept was sent to the nursery to approve the proposed installation. The wall attached structure measures L7500 x W5000 x H2500mm, and the nursery opted for colour green RAL6026 to fit in with the existing surroundings. Square post protectors were added to ensure the safety of the children in the play area. The installation took place during the school hours, a representative from the school wrote- "I wanted to praise the gentlemen that installed the shelter they were very professional throughout and respected the wishes of the nursery to ensure the gates etc were closed behind them. They kept me informed of what was happening throughout."

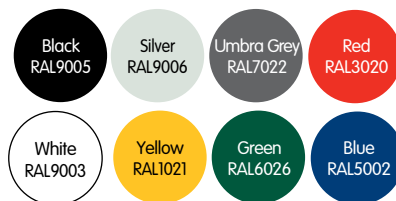

"The shelter has been a great improvement to our setting as it has provided a sheltered area in our outdoor provision. It will be used to provide a more substantial time for the children during poor weather conditions." - Nutwood Cottage Day Nursery

GREAT BEDWYN C OF E CONTROLLED SCHOOL

Location: Marlborough, Wiltshire
Product: Bespoke Winterbourne Freestanding Shelter
Size: (L) 9250 x (W) 4000 x (H) 2750/ 2350mm

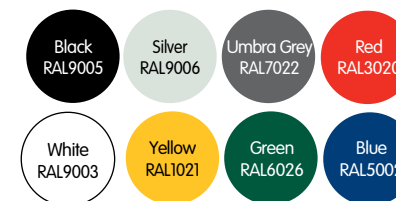

BRIEF

Great Bedwyn School is a village primary school, and set at the heart of the rural community. It is a modern building with copious outside areas. Their reputation is for providing outstanding learning opportunities for all its pupils and for promoting a rich curriculum that enables pupils to grow and develop not just academically but physically, emotionally, spiritually and culturally too. They contacted NBB School Shelters in need of a canopy to be attached to the outside of the early years classrooms enabling their outside play area to be extended. It was recommended that the most suitable shelter would be a Winterbourne Freestanding Shelter measuring L9250 x W4000 x H2750/2350mm, finished in white RAL9003. The school also had a couple of our junior picnic tables manufactured from 100% recycled plastic, they are guaranteed to last up to 25 years!

NBB worked with the school to provide the most suitable structure for their purpose. The installation took place during the school holidays so that there would be no disruption to the children during school hours. The finished shelter looks fantastic and covered by the 25 years life maintained guarantee it will continue to serve the school for many years to come!

CASE STUDY

DANESFIELD MANOR SCHOOL

Location: Walton-On-Thames, Surrey
Product: Bespoke Tyneham Timber Canopy, and Bespoke Winterbourne Wall Attached Shelter
Size: (L) 9250 x (W) 4000 x (H) 2750/ 2350mm

BRIEF

Danesfield Manor School promotes traditional values in support of a complete education. They combine small class sizes and individual attention with a teaching approach that motivates children to be excited about learning.

The school contacted NBB Shelters as they wished to cover a decked area with a custom freestanding timber shelter with a vibrant multi-coloured roof. It was decided that the perfect option would be Tyneham Timber Canopy measuring L7300 x W3650 x H2590mm with a Rockwell Glazing Roof System. A second shelter was also required for a parent waiting area outside the main entrance, the Winterbourne Wall Attached Shelter was the best solution. The finished structure measured measuring L6000 x W3600 x H2400mm, and to match with school colours the structure was powder coated Blue RAL5002 with Opal coloured roofing.

NBB worked with the school to provide the most suitable structures for their required purpose. The installation was carried out during school holidays so that it did not cause any disruption to the children's daily routine. The completed project looks fantastic and will continue to do so for many years to come!

FEATURES & BENEFITS

- Oval design gazebo can be used for many applications including outside classroom area or social/ break time shelter
- Provides protection from the weather in adverse weather conditions
- 15 year 'in service' guarantee against rot, fungal decay and attack from wood boring insects

- Manufactured in Britain using kiln dried, pressure treated timber with an attractive sanded finish

INSTALLATION

- The gazebo's are supplied with free installation, which is carried out by professional fitters
- Due to the weight the gazebo's must be installed onto a solid level sub-base or concrete foundations. Price for this can be provided
- All fixtures and fittings are included

SPECIFICATIONS:

- Floor: hard wearing timber deck board
- Roof: available in Traditional Timber, or New England Cedar (see right)
- 150mm diameter round timber uprights, and attractive powder coated corner braces
- Integral benches can be supplied (see price grid)
- Front panels are supplied balustrade with solid back panels (solid front panels can be supplied call for a price)

OPTIONAL EXTRAS:

- Benches for 5.1m gazebo can seat up to 22 adults or 29 children, and for the 6m gazebo can accommodate 27 adults and 34 children (see page 36 for image)

CHOOSE YOUR ROOF TYPE TRADITIONAL TIMBER

Pressure treated softwood is formed into a Log Lap roof structure and placed on top of a water-proof Tricoya lining. The result is an elegant and cost effective finish

NEW ENGLAND CEDAR

Western Red Cedar shingles are hand cut to size and fitted around the roof, they are fitted on top of a waterproof Tricoya lining. The red colouring of the tiles gives the gazebo a contemporary look
