Welcome to the latest NBB School Shelters Catalogue,

Dear Customer.....
Here at NBB School Shelters we pride ourselves with being able to offer products designed by us but made for you.

Our shelters, walkways and canopies are manufactured in the UK and many incorporate a modular design system meaning that the standard size options can be easily adapted to suit your requirements. See individual product pages for suggestions of how you can customise your structure with optional extras such as 100% recycled plastic fencing and seating; post protectors; coloured roofing; water butts and much more.

Shelters are required for many purposes and you may have an idea of what you are looking for but need some further inspiration or guidance. Take a look through our catalogue - all of the images inside are projects we have completed, you should find something within our extensive range which will work for you. Once decided contact our friendly sales team for advice and/or an estimate today!

Ps. Visit us online to view our full range and latest case studies!

YSGOL MAES HYFRYD

Location: Flintshire, Wales

Product: Bespoke Winterbourne Enclosed Shelter

Size: (L) 12000 x (W) 4000 x (H) 2800mm

BRIEF

Ysgol Maes Hyfryd is a school located in Flintshire, they pride themselves on being a happy, vibrant learning community committed to providing relevant high quality educational experiences for all of their students.

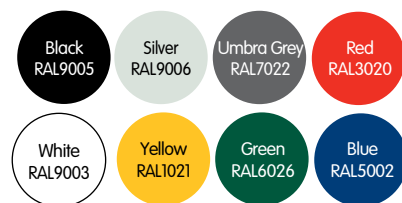

The school contacted NBB as they were looking to create a covered area situated in the playground to use as an outside classroom. Our surveyors attended the school to come up with the best solution which complemented the existing building/area.

After some initial changes due to landlord approval the finished product is a freestanding shelter L:12000mm x W:4000mm with polycarbonate glazing on one end and along the back, finished in a bright yellow RAL1021. To safeguard children the school also opted for square post protectors in the same vibrant colour.

A School Representative wrote - *“Jeremy Mold was extremely professional, and he went above and beyond, working long hours to make sure the job was completed on time. It’s a very high standard of work, and we can’t wait for the children to get full use of the space.”*

AVAILABLE COLOURS:

IDEAL APPLICATIONS

- Entrance Shelter
- Parent/ Pupil Waiting Area
- Walkway
- Dining Shelter

WINTERBOURNE ENCLOSED SHELTER

Create a weather-protecting shelter or walkway for your staff, pupils and parents

PURBECK TIMBER GAZEBO

High quality hand built gazebos, perfect for your outdoor learning/social areas

FEATURES & BENEFITS

- Versatile hexagonal gazebo is the perfect solution for an outdoor break/seating shelter, and can also be used as an outside learning area
- 15 year 'in service' guarantee against rot, fungal decay and attack from wood boring insects

- Manufactured in Britain using kiln dried, pressure treated timber with a sanded finish

INSTALLATION

- The gazebo's are supplied with free installation, which is carried out by professional fitters
- Due to the weight the gazebo's must be installed onto a solid level sub-base or concrete foundations. Price for this can be provided
- All fixtures and fittings are included

SPECIFICATIONS:

- Floor: hard wearing timber deck board
- Roof: available in Traditional Timber, or New England Cedar (See page 35)
- 150mm diameter round timber uprights, and attractive powder coated corner braces
- Integral benches can be supplied (see price grid)
- Front panels are supplied balustrade with solid back panels (solid front panels can be supplied POA)

OPTIONAL EXTRAS:

- Bench seats and a table supplied separately. Benches can accommodate between 14 and 24 children depending on gazebo size

CHOOSE YOUR ROOF TYPE TRADITIONAL TIMBER

Pressure treated softwood is formed into a Log Lap roof structure and placed on top of a water-proof Tricoya lining. The result is an elegant and cost effective finish

NEW ENGLAND CEDAR

Western Red Cedar shingles are hand cut to size and fitted around the roof, they are fitted on top of a waterproof Tricoya lining. The red colouring of the tiles gives the gazebo a contemporary look
