NBB School Shelters

Dear Customer.....

Wow what a busy summer!

Here at NBB we're really pleased to be involved with so many schools, colleges and universities across the UK. Whether it's creating a new outdoor learning environment, extending dining facilities with an all-purpose shelter or encouraging pupils to ride or 'scoot' to school.

All of our shelters are designed and manufactured in the UK. The full range can be supplied on their own for your own contractors to undertake installations or we can provide a full groundworks and installation service.

Looking for more inspiration? Have a look at our recent projects by visiting www.nbbschoolshelters.co.uk today! Alternatively, give our friendly staff a call for an informal chat on what might suit your school.

M. Bright

Martyn Bright - Managing Director

P.S Don't forget, we can also offer help and advice on designs and funding. Check out our free downloadable guides online at www.nbbschoolshelters.co.uk/downloads for more information.

MADE IN THE UK

NBB School Shelters are proud to manufacture their shelters, walkways and canopies in the UK. It gives us the opportunity to offer real flexibility in designing, manufacturing and installing a project which exceeds your expectations.

Our Accreditations

NBB are proud members of Constructionline, CHAS and the Construction Skills Certification Scheme. We are also an ISO 9001 accredited company and manufacture our range to ISO and BS EN standards.

INSTALLATION SERVICE

FREE ESTIMATES

STEP 1 SIMPLY SEND US A PHOTO AND WE WILL CALL YOU!

i. Send some photographs of the area where you would like a walkway, shelter or canopy to be situated, then simply e-mail them to sales@nbbschoolshelters.co.uk with a brief description (including approximate measurements) of what you're looking for.

ii. A member of the site surveying team will be in touch to confirm we have received your request, and discuss any further details if required. We will suggest potential standard options, or the creation of a custom structure to suit you

STEP 3 PLACING AN ORDER

We will contact you shortly after sending out your estimate to ensure you are happy. If you'd like to proceed with the quote, you can place your order:

- By Phone - just call 0800 1777 052
- By Fax - 0800 1777 053
- By Email - sales@nbbschoolshelters.co.uk
- By Post - FREEPOST NBB LTD

STEP 5 MANUFACTURE

All of our shelters, walkways and canopies are manufactured in the UK and we're proud to be an ISO 9001 accredited company. We use the latest technology and our team of qualified engineers check each structure for stability and durability.

STEP 2 YOUR ESTIMATE

Our fantastic in-house design team will work on a custom shelter package. We will send you a full estimate (usually within a couple of days of your enquiry), this will include details such as pricing, specification, groundworks required, and any additional information such as colour and finishes. We may additionally provide a CAD drawing (if required). Within your quotation pack will also be useful information such as case studies, links to free downloadable guides such as our popular funding guide and of course your quote

STEP 4 DESIGN

Our design team will finalise the finishing specification of your shelter, walkway or canopy and add it to the production schedule. Don't forget if you need technical specification or drawings we can supply these too.

STEP 6 INSTALL

When your shelter, walkway or canopy is manufactured, we will contact you to confirm a convenient installation time. We work closely with you to ensure minimum disruption to your normal working day. We also have strict health and safety policies to ensure your pupils, staff and visitors are kept safe at all times.

STEP 7 YOUR REQUIREMENT NOW A REALITY

Don't forget we are here to help, so if you have any issues with your shelter, walkway or canopy, just let us know. Our market leading guarantees mean that you're protected for many years to come!

Popular Products

POST PROTECTORS

Foam padded post protectors are the perfect cost effective and impact resistant solution for covering exposed posts and pillars that young children could bump into. The protector acts as a 'buffer' to reduce the risk of injury, especially in nursery and junior schools NBB post protectors are made to measure in the UK, we can supply post protectors either for your existing canopy or shelter or for a brand new shelter, walkway or canopy supplied by us. Furthermore we can also supply protectors to cover corners or walls within classrooms or gyms

FEATURES & BENEFITS

- Easy to fit - simply Velcro on / off
- Simple to clean - just wipe down with a damp cloth
- Made to measure any height or width
- Available in either round or square variations
- Protectors supplied in a range of vibrant colours
- Great for indoor and outdoor use
- Please call us on 0800 1777 052 for an estimate

QNBTTARM	Fixing Bolt for Tarmac	1	£3.05

Encourage Cycling to School with NBB!

Encouraging pupils (and staff!) to cycle to school can have a positive effect on their general health and well-being. Research shows cycling can increase concentration levels and help to create an effective and stimulating learning environment.

A cycle shelter or compound will help keep bikes and scooters secured in a designated area, provide protection from all weather conditions and offer excellent visibility to help prevent cycle theft and vandalism.

CASE STUDY

UPPER SHIRLEY HIGH SCHOOL

Location: Hampshire

Product 1: Bespoke Winterbourne Freestanding Cycle Shelter with Glazing and Gates.

Size: (L) 14400 x (D) 2250 x (H) 2600 (mm)

Product 2: Bespoke Winterbourne Wall Attached Shelter

Size: (L) 95000 x (D) 2250 x (H) 2500 (mm)

BRIEF

In 2014 we supplied Upper Shirley High School with two bespoke cycle shelters. They were looking to increase their cycle parking capacity for students, staff and visitors. After a visit from our site surveyor, we designed, manufactured and installed a bespoke version of our Winterbourne Freestanding Cycle Shelter and a bespoke Winterbourne Wall- Attached Cycle Shelter. Recently Upper Shirley contacted us again in need of a way to secure their shelters. We sent our surveyor to site again to discuss their requirements.

They were after a smart, safe solution to keep their student's bikes secure overnight. Together with our surveyor they decided the best option was to fit lockable gates to the front and polycarbonate sides to the ends of the shelter. The result, an entirely secure, attractive shelter, complete with a classic balustrade to reinforce the security of the gates.

We were really pleased Upper Shirley decided to contact us again and even more pleased we could help them once more.

BESPOKE PROJECTS

NBB School Shelters has been established for over 25 years. We have the ability to customise our shelter, walkway and canopy systems to meet your specification. Our in-house installation team can offer groundworks and installation services.

CASE STUDY

CHARLES WARREN ACADEMY

Location: Buckinghamshire

Product: Winterbourne Freestanding Shelter, with Signage

Size: (L) 21500mm x (D) 3100mm x (H) 3100mm

Colour: Green RAL6026

Additional Extra: Bespoke Freestanding Entrance Signage

BRIEF

We were approached by Charles Warren Academy as they were looking to install a bespoke entrance canopy/ walkway for their school. The dimensions for the shelter were (L)11,000mm x (D)3,500mm x (H)2,300mm, it would need to be in the school colour green and incorporate a sign with their logo. Time was of the essence as the quote was requested in May and they required the work to be carried out over the Summer holidays! Our site surveyor Richard Albone attended for a No Obligation Site Visit, he met with the school's representative and it was decided a Freestanding Winterbourne with a curved signage front would suit the requirements perfectly. We believe the end result looks brilliant, and Entrance Shelters with Signage make a fantastic first impression for visitors!

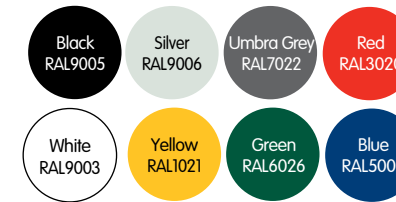

SIGNAGE PROCESS:

Adding a sign to your shelter is easy,

1. Send your school crest, or personalised drawings and wording to us via email (sales@nbb-schoolshelters.co.uk) (all images to be minimum of 300 dpi resolution)
2. Our in-house design team will then put together artwork for your approval, they will also carry out any amendments until you're happy with the sign
3. The image is printed on vinyl which is then mounted onto aluminium composite and will last for many years to come!

BESPOKE PROJECTS

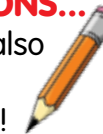

NBB School Shelters has been established for over 25 years. We have the ability to customise our shelter, walkway and canopy systems to meet your specification. Our in-house installation team can offer groundworks and installation services.

Visit www.nbb-schoolshelters.co.uk/Entrance-Shelters to see our full range of entrance shelters

Maximise Your Outdoor Areas

Welcome staff, pupils and visitors with an entrance shelter that creates a first impression to be proud of.

An entrance shelter or walkway from NBB School Shelters is a cost effective way to lift the appearance of your school, accentuate your main entrance, whilst providing a sheltered waiting area for parents during the school run.

NBB School Shelters manufacture a wide range of entrance and waiting shelters which can be made entirely bespoke to your requirements. Incorporate your school logo and colours to maximise the appearance.

BESPOKE PROJECTS

NBB School Shelters has been established for over 25 years. We have the ability to customise our shelter, walkway and canopy systems to meet your specification. Our in-house installation team can offer groundworks and installation services.

Although our standard ranges of shelters offer a fantastic solution in many instances, they only scratch the surface of what we can create here at NBB School Shelters. Sometimes customers want something a little different and we offer a complete custom shelter service to facilitate this.

Our tailored service means we can design, build, supply and install high quality custom shelters around your specific needs. Our custom creations can be found in schools throughout the UK in a wide range of applications from walkways, to outdoor classrooms, cycle shelters and beyond. Whatever your requirements and available space, we can provide a custom shelter that exceeds your expectations.

Speak to us today about your requirements:

1. Call us on **0800 1777 052** to organise a no obligation chat with our sales team. Alternatively you can fax your proposed shelter design to **0800 1777 053** or email sales@nbbsschoolshelters.co.uk
2. A member of our site surveying team will arrange to call you at a good time to discuss the proposed area, your requirements and potential options
3. Our in-house design and sales team will work on a custom shelter package based on feedback from the discussion
4. NBB School Shelters will send you a full estimate and CAD drawing (if required) with details of pricing, specification, groundworks required and any additional information such as colour options and finishes

To see examples of recent customer shelter installations, be sure to look at the images left and our case studies. You can visit our website to see our extensive gallery of recent projects.

Let Us Help You Design Your Shelter

Do You Need Some Inspiration for Your Project?

Here at NBB School Shelters, our experienced in-house design team can create bespoke CAD drawings and architectural renders of any shelter, walkway or

Using the most up to date technology our designers will produce a to-scale graphic representation of your shelter, before it has been constructed. The realistic illustration allows you to visualise what your project will look like and ensure you are happy to proceed, before committing to the construction.

We have over 25 years' experience, so if you're not sure what you're looking for, we are able to offer advice and guidance on the best shelter for your needs.

CASE STUDY

SALESIAN SCHOOL & 6TH FORM COLLEGE

Location: Chertsey, Surrey

Product 1: 1 x Bespoke Freestanding Winterbourne Walkway with Glazing and Gates

Size: (L) 12600 x (D) 5000 x (H) 2500 (mm)

Product 2: 1 x Bespoke Winterbourne Wall Attached Walkway

Size: (L) 7000 x (D) 4600 x (H) 2400 (mm)

Product 3: 1 x Bespoke Winterbourne Wall Attached Canopy

Size: (L) 27000 x (D) 2000 x (H) 2500 (mm)

BRIEF

We recently installed three bespoke shelters for Salesian School located in Chertsey, Surrey. We provided them with two Bespoke Winterbourne Walkways to offer students and staff shelter between buildings and one Freestanding Winterbourne Walkway, complete with polycarbonate roof and sides and a lockable gate, providing some covered outdoor space for pupils during break and lunch times.

NBB School Shelters organised the whole project from design to installation. The finished result is three robust shelters to provide the school with valuable additional outdoor space for the pupils and staff to enjoy. Since installation Salesian have been in contact with us to express how impressed they are with the shelters. They've said they look "fantastic" and are even looking to order some more shelters with us!

ST STEPHEN'S INFANT SCHOOL

Location: Canterbury, Kent

Product: Bespoke Freestanding Winterbourne Walkway

Size: (L) 21500mm x (D) 3100mm x (H) 3100mm

Colour: Green RAL6026

Additional Extras: Bespoke Freestanding Entrance Signage

BRIEF

St Stephen's Infant School is located on the outskirts of Canterbury in Kent. The school's motto is 'Together We Shine' and the leadership team take pride in providing a caring, happy and stimulating environment for every pupil.

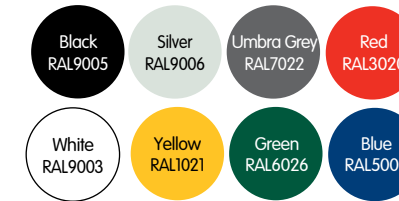

NBB School Shelters were approached by St Stephen's to provide a Freestanding Winterbourne Walkway to offer an extended learning environment outside of the classroom. Our site surveying team went out to discuss the project during an informal, no-obligation site visit and the school really liked the flexibility, design and value for money the Winterbourne range offered. The shelter has proved to be a great addition to the school. St Stephen's also wanted us to provide a bespoke entrance sign – something we are able to do with ease!

STATEMENT

NBB School Shelters has a fantastic range of shelters, canopies and walkways which can be manufactured specifically to your requirements. Whether it's a space between a classroom and building which needs to be covered or a dedicated covered area – NBB are the leaders in outdoor shelters, walkways and canopies for schools.

BESPOKE PROJECTS

NBB School Shelters has been established for over 25 years. We have the ability to customise our shelter, walkway and canopy systems to meet your specification. Our in-house installation team can offer groundworks and installation services.

Installation Service by NBB School Shelters

From basic groundworks to full “turnkey” installations, NBB School Shelters can provide a flexible range of services to take the hassle out of site preparation and assembling of your shelter. We are always happy to discuss the available options for any project, regardless of size or location. Call our friendly team today on 0800 1777 052 to discuss your requirements further.

Our in-house installation team are all members of the Construction Skills Certification Scheme (CSCS) and are CRB checked to provide additional peace of mind. With over 20 years experience installing shelters and outdoor furniture, our team know the range inside out and we guarantee you will be delighted with the results of an NBB installation. We also guarantee to leave your site clean and tidy after all works have been completed.

We have installed many shelters in schools and businesses across the UK. Our installers always arrive at jobs fully equipped with all the necessary equipment to ensure an efficient and fast installation. Safety is always of paramount importance and we will naturally provide any necessary barricading if needed to keep the installation area safe.

There are some shelters within our range which must be installed by our own team. In these cases installation is included within the shelter price.

Groundworks

If any additional groundworks are required to prepare an area prior to supplying your shelter, these can also be included as part of your installation package. Please note that, on products where installation is included within the price, any groundworks required prior to installation will incur an additional charge. Please call us on 0800 1777 052 for more details or if you require a quotation.

Cleaning and Maintenance

Ensure the longevity of your shelter with our cleaning and maintenance service. We now offer a cleaning and maintenance service for all NBB School Shelter customers. The options we offer can be completely customised to suit your individual requirements. See below for just a few of the services we can offer.

- Replacement of broken or graffiti damaged panels and fittings if required*
- Cleaning of your shelter to keep it looking brand new
- Shelter repainting
- Supply of paint RAL colour for future touching up of scratches/chips
- Relocation of existing shelters
- Removal service (whether we installed your shelter or not)
- Shelter renovation
- Groundwork
- Extensions to existing shelters
- Shelter alterations
- Yearly cleaning to an agreed schedule

*Note: Broken or damaged panels can be returned to us for recycling. For more information and full installation costs, please call our friendly Sales Team on 0800 1777 052.

Planning Advice

Need Planning Advice?

Before you order a shelter, walkway or canopy, you will need to find out if planning and/or building regulations approval is required. The best way to find out is to contact your local council as they can advise on whether you need permission, and the type of application you'll need to make.

Please note that it can take some local councils up to 3 months to grant a decision.

If planning and/or building regulations approval is not required, contact us to book in your installation on **0800 1777 052**.

If planning and/or building regulations are required, you will need to apply for planning permissions, and this can be undertaken by your school or using an external consultant. **NBB School Shelters** are happy to assist you throughout the process by providing relevant drawings, technical information and any further advice you may need.

- STEP 01** Choose the product which is right for you. Need Help? - Contact us for advice
- STEP 02** Find out whether you need planning and/or building permissions
- STEP 03** Go ahead & order with NBB School Shelters. Remember - we offer a 100% No Quibble Guarantee

Looking For Funding?

Your local council may also be able to help you fund your new project – take a look at our Top Tips to consider when applying for funding:

- ✓ **Plan Plan Plan** - funding applications can take several months so make sure you plan as far ahead as possible
- ✓ **Research the organisation** you are applying for funding from- find out about their policies, interests, who they have funded before and what grants are available
- ✓ Within your application, **describe your organisation or school** and who will **benefit from the grant** in as much detail as possible
- ✓ **Identify what the problem is** - it might be that there is not enough shade or outdoor cover, or is there a need for outdoor seating?
- ✓ **Focus on the benefits** that this project would bring not only to your organisation, but also the wider community
- ✓ **Detail your budget**, including any fundraising you plan to do
- ✓ **Show how your project has the support of the local community**
- ✓ **Take time when completing the application** - check it for accuracy, include supporting materials such as plans, technical drawings, photos and letters of support
- ✓ **Spread the word!** The more people who know about the project, the better your chances of receiving funding. You never know, you might even receive additional offers of funding!

Funding solutions which could help you:

Here are a few organisations which currently offer funding to schools. Remember this list is only for information and does not guarantee funding

Big Lottery Fund – Awards For All

How much could I get?

The scheme offers small grants of between £300 and £10,000.

Who do they award money to?

Awards for All fund projects that will help provide positive outcomes for not-for-profit groups including schools, health bodies and town councils. A canopy for example, can provide an improved rural or urban environment for the wider community to enjoy.

Where can I get more information?

More information can be found on their website - www.biglotteryfund.org.uk/funding/Awards-For-All

Sustrans – Join the Movement

How much could I get?

Sustrans offer up to 50% match funding for cycle and scooter parking.

Who do they award money to?

Sustrans have secured funding to deliver cycle and scooter parking projects in schools throughout Scotland.

Where can I get more information?

More information can be found on their website - www.sustrans.org.uk/scotland

The Foyle Foundation

How much could I get?

The Foyle Foundation offers a 'Grant Scheme for Learning' of between £1,000 and £50,000.

Who do they award money to?

The scheme's key area of support includes schools which cater for special educational needs. For example an outside classroom environment could provide excellent stimulation for learning.

Where can I get more information?

More information can be found on their website - www.foylefoundation.org.uk/how-to-apply

Grants 4 Schools - Maximising your School's Grant Funding Potential

How much could I get?

Grants 4 Schools is the most comprehensive and up to date funding information service available to primary and secondary schools. Offering grants from £1,000 to £100,000.

Who do they award money to?

Dependant on which grant funding opportunity is selected.

Where can I get more information?

More information can be found on their website - www.grants4schools.info

Sport England – Small Grants Scheme

How much could I get?

Sport England offers grants from £300 to £10,000.

Who do they award money to?

Sport England supports most community sports projects which look to increase participation and develop opportunities for people to excel in their chosen sport. This grant would be perfect for schools looking for funding for Cycle Shelters and Compounds.

Where can I get further information?

More information can be found on the Sport England website - www.sportengland.org/funding
