Introduction

Welcome to the **NBB Shelters Funding Guide**, if you're looking for ways to fund, or part-fund, a **Canopy, Shelter** or **Compound** there are a number of organisations who may be able to help. We have researched a number of the popular organisations who are currently offering grants of between £300 and £100,000.

This simple guide gives you a brief overview of what each organisation offers, who the grant is for and importantly further information on how to apply.

Please note that this guide is for information only and does not guarantee that you will receive funding from the organisations listed. Unfortunately NBB Shelters cannot get involved in the application process and applications must be directed to the organisations listed.

In addition to the funding suggestions we've highlighted in this guide, your local council may also be able assist you in applying for funding for your project.

Take a look at **NBB Shelters 'Top Tips'** on applying

- ✓ **Plan Plan Plan** - funding applications can take several months, make sure you plan as far ahead as possible
- ✓ **Research the organisation** you are applying to for funding, find out about their policies, interests, who they have funded before and what grants are available
- ✓ Within your application **describe your organisation or school** and who will **benefit from the grant** in as much detail as possible
- ✓ **Identify what the problem is** - it might be that there is not enough shade or outdoor cover or there is a need for outdoor seating
- ✓ **Explain how the funding will benefit the wider community** - benefits and timescales - products you'll need to purchase
- ✓ **Detail your budget** - are you also fundraising, if so how?
- ✓ **Show how your project has the support of the local community**
- ✓ **Take time when completing the application** - check it for accuracy, include support material such as plans, photos, letter of support
- ✓ **Focus on the benefits** that this project would bring to not only your organisation, but also the wider community
- ✓ **Spread the word!** The more people who know about the project, the better your chances of receiving funding - you never know you might even receive additional offers of funding!

Testimonials

Footprints Day Nursery, Manchester

Footprints Day Nursery approached NBB Shelters looking for additional outdoor classroom / learning space. So Andrew Bullock our qualified Surveyor went along and suggested the **Kingston Shelter with Shutter**.

Testimonial:

"We found the services offered by NBB to be very good and we are completely satisfied with the installation. The shelter has made a big difference allowing the children to make use of the outdoor space."

Avonbourne College, Bournemouth

Avonbourne College in Bournemouth contacted NBB Shelters looking for a Walkway solution to link their premises to an adjoining school. Richard Albone our qualified Surveyor went along and suggested a number of **Bespoke Kingston Walkways**.

Testimonial:

"We were absolutely delighted with the Walkway installation. NBB worked closely with the College to ensure the installation was a success."

John Harrison Primary School, Barrow upon Humber

Lincolnshire based John Harrison CE Primary School contacted NBB looking for a cost effective Canopy for their Foundation stage outside play area. We visited them on a **FREE site survey** and the school decided that the **Free Standing Bespoke Canopy** with additional **Post Protectors** was the ideal solution.

Testimonial:

"The installation and finished canopy looks really good - better than we ever imagined. We're very impressed with NBB and would have no hesitation in recommending them for future projects."
